

CATARRH

The treatment of Catarrh with antiseptic and astringent washes, lotions, salves, medicated tobacco and cigarettes or any external or local application, is just as useless as would be kindling a fire on top of the pot to make it boil. True, these give temporary relief, but the cavities and passages of the head and the bronchial tubes soon fill up again with mucus.

Taking cold is the first step towards Catarrh, for it checks perspiration, and the poisonous acids and vapors which should pass off through the skin are thrown back upon the mucous membrane or inner skin, producing inflammation and excessive flow of mucus, much of which is absorbed into the blood, and through the circulation reaches every part of the system, involving the Stomach, Kidneys and other parts of the body. When the disease assumes the dry form, the breath becomes exceedingly foul, blinding headaches are frequent, the eyes red, hearing affected and a constant ringing in the ears. No remedy that does not reach the polluted blood can cure Catarrh. S. S. S. expels from the blood in again coursing through the body the mucus membranes become healthy and the skin active, all the disagreeable, painful symptoms disappear, and a permanent, thorough cure is effected. S. S. S. being a strictly vegetable blood purifier does not derange the Stomach and digestion, but the appetite and general health rapidly improve under its tonic effects. Write us about your case and get the best medical advice free. Book on blood and skin diseases sent on application.

EDITORIAL

THE SITUATION IN PORTLAND.

The Multnomah Republican county convention, held today, will make political history in Oregon.

As the Journal understands the situation, Mr. Furnish and his friends, who are largely administration Republicans, have carried the fight against a hard fight put up by Mr. Simon.

Mr. Simon is making his own fight through the regular Republican central committee, of which Dr. O. H. Plummer is chairman.

Mr. Furnish and his friends have carried a majority of the primaries, and that was undoubtedly accomplished by a great expenditure of money.

If that is true they will demand the enforcement of the majority rule, and will force their claims to a solid delegation for Furnish for governor, and against Simon for senator.

The managers of the anti-Simon Republican faction have picked on Editor Scott for senator in place of Simon. Portland will also ask Willis Dunaway for state printer.

Can Portland get Scott for senator and Dunaway for state printer? Well, hardly.

It may be that Corbett and Hirsch will have some delegates in the county convention, and may throw them to Simon; may name Corbett for governor and throw the senatorship to Simon or Fulton.

If Furnish gets the state delegation, Williamson will be congressman and Dunaway state printer.

If Geer is not re-nominated, Frank Wrightman will go on the state ticket for attorney-general.

The Journal does not believe that Furnish has clear sailing for the governorship, or that he will get a solid delegation from Multnomah county.

The situation warrants the saying that Geer and Simon hold cards in the game that makes it very uncertain who will be the governor or senator. But the Portland convention will clear up the situation, or make it more uncertain than ever.

If Multnomah does not take decisive action one way or the other, for Geer or Furnish, the state convention will break in two.

It will break in two if it nominates a candidate for senator to succeed Simon.

Dr. Plummer and his county committee will claim to hold the regular organization.

Out of all this chaos it is possible to select a Democratic governor. The political tradition of the state has been unbroken that no Republican governor has succeeded himself.

American occupation has given the city of Havana clean streets.

HIGHER CLASS THEATRES.

The presentation of a great play like "The Christian," at the Grand Opera House marks an era in the development of this little city. It puts Salem on a par with the Sound cities, and the best cities on the coast.

Do Salem people appreciate this fact? What it means to bring a play here with forty people and two carloads of scenery and present it in an up-to-date play house, with all the modern accessories of the drama?

The prices of seats are high, but it is doubtful if a full house at those prices would more than reimburse the management for producing such a play in this city.

As much money is spent here by the average theatre company as is taken in for the sale of seats. These large plays only earn money in cities where the sale of seats run up into the thousands.

Salem should pack the house to see "The Christian," and let the world know that something besides vaudeville and minstrel acts can secure a house.

The elevation of the drama requires that intelligent people patronize the higher type of plays.

SALEM STREET IMPROVEMENTS.
The city of Salem is now entirely up to date with its floating dock, and will have a handsome cash surplus at the end of the year. This is the time for the city to begin putting its streets in order.

The main streets should all be cleaned up and parked in front of the residences by the owners. The walks and cross-walks should be perfected. The owners of alleys should be able to walk through them with slippers.

This is the day when political fates are to be decided in Multnomah county.

There is quite a range of feelings between ecstatic affection and a sciatic affection.

The county now has a rock crusher and the city should take early steps to secure the building of at least one unmetalled street. Those broken rock streets will be very durable in our climate.

The city should realize that beautiful, clean streets are worth a great deal, and would make a fine impression on strangers visiting our city.

It is time to quit drifting in this matter, and take up a policy of construction that will give Salem a reputation for beautiful streets. No other fame will be so far-reaching in its effects.

The city has now gone on a solid cash basis, and ought to be able to get some good results out of the cash road tax, expended to a business manner.

REFORM AT THE HANDS OF THE REPUBLICANS.
The Journal has been making a fight for radical reforms in the compensation of the principal state officers. It hopes to secure these reforms through the Republican party, if possible.

Leading men in the Republican party at Salem and in Marion county are going into the county convention next Wednesday with the firm determination to demand progress at the hands of their party.

It is pretty well understood over the state what the Marion county program demands of the party, and what it will do for the people, if enacted through the Republican party.

Marion county people believe in paying their officials fair salaries, and compelling them to account for all fees and earnings of their several departments.

The Republicans who pay taxes are interested in seeing about \$50,000 a year of the plunder now taken by state officials turned into the treasury. That can be done, and pay the Governor, Secretary of State and Treasurer annual flat salaries of \$5,000 each.

Polk county Republicans have demanded that the state printing office be made a legislative office, and put on salary. They should include all the state offices.

To single out the state printing office alone is unbecome. The system under which all the state officers are paid is wrong, this state printer included. The system must be changed. Therein lies reform.

As there are exclusive American clubs, a London club has been organized from which Americans are to be excluded. It is a clear steal thought to call the British club Columbia.

The last legislature was nothing to brag of; the school land and timber land business in Oregon is hardly good material for party enthusiasm; a little straight business on cleaning up the state house fees and perquisites, and a declaration for putting all officials on a flat salary would be appreciated by people who find it useless to cry over spilt milk.

Salem openings are becoming noted. A grocery had a grand opening. Now a woman's furnishing goods store has had a greater opening.

With Frank Davey and Fred Hurst in the legislature, there would be a coalition of the Irish and the Germans never heard of before.

The Journal told the Democrats and Populists who voted for Mitchell that he would vote for the ship subsidy bill, and it told them the truth.

Jeffries has been delayed by a train wreck in getting to Frisco. He will be delayed by a worse smashup when he goes against Fitzsimmons.

GOOD OUTLOOK FOR CROP

Fruit, Grain and Hops Were Never in Better Shape.

The cool weather the past month has kept all fruit back, and the danger of blooming out prematurely and being caught by the frost is about past. Last year a lot of fruit was caught by a frost, and half the fruit was cut off in the blossom, yet Oregon had a splendid crop.

The prices of peaches and hops continue to advance, and the reputation of Oregon for both articles is becoming established, and will make a permanent market.

With good management hops can be raised for about seven cents, and with contracts at 11 to 12 cents, there is every assurance that there will be a profitable business done.

A hop contract was filed in the county recorder's office Tuesday by which Frank Van Wassenhove and Jake Guy (a Chinaman), of Champco, contracted to sell to Lillenthal Bros., of New York, 12,000 pounds of hop-grown this year on the Van Wassenhove farm, near Champco, for 12 1/2 cents per pound, 6 cents to be advanced for picking purposes, the remainder on delivery.

Remarkable Cures of Rheumatism. (From the Vindicator, Rutherfordton, N. C.)

The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice, with the most remarkable results in each case. First, rheumatism in the shoulder, from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts affected, and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. For sale by Dr. Stone drug store.

Candidate for County Treasurer. The undersigned hereby announces himself as a candidate for county treasurer, subject to the decision of the Republican county convention of Marion county, Oregon, to be held March 26, 1902. J. HENRY HAAS.

German crowds at Cuxhaven cheered Prince Henry wildly upon his return. A million dollar fire raged on the Hoboken water front Tuesday night. The steamer British Queen was destroyed.

A Good Cough Medicine for Children.
"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well-known and popular baker of Petersburg, Va. "We have given it to our children, when troubled with bad cough, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children, as it contained no opium or other harmful drug." Sold by Dr. Stone's Drug Store.
